

ENGINE & TRANSMISSION

Engine type:	Liquid-cooled, fuel-injected V-twin
Displacement:	963cc
Maximum power:	85hp at 7500rpm
Maximum torque:	87Nm at 5500rpm
Fuel system:	Bosch EFI with 'fly by wire'
Transmission:	CVT
Drive:	H-L-N-R-Park
4WD:	2WD/4WD with locking front differential
Steering:	EPS (EPS assistance varies with power mode)

SUSPENSION & BRAKES

Front:	Dual A-arm independent with sway bar, 307mm travel
Rear:	Dual A-arm independent with connecting rod, 334mm travel
Shocks:	Piggyback gas shock with 3-position compression adjustable
Brakes:	Four-wheel hydraulic disc brakes
Ground clearance	307mm

WHEELS & TYRES

Wheels:	14-inch Beadlock alloy rims
Tyres:	27-inch All Terrain

LOAD

Towing capacity:	680kg (EU/LOF 540kg)
Carbo Box Carrying capacity:	150kg
Maximum Load capacity:	475kg (EU/LOF 450kg)
Persons:	Four
Fuel capacity:	37 liter

OTHER

Winch:	4500lb with synthetic rope
LED Headlights:	Standard
Display:	5-inch colour digital display
Roof kit:	Standard
Roll cage:	ROPS-certified

Performance, first-class comfort, and great value are all hallmarks of the new ZFORCE. Perfect for the modern-day adventurer who seeks to discover the far reaches of Mother Earth.

With a strong presence and streamlined silhouette, the ZFORCE 950 SPORT-4 maintains the powerful and dynamic design aspects of its predecessors.

The chassis has been re-tuned and lengthened to accommodate four passengers in first-class style.

Everyone from the adventurous weekend warrior in search of a faraway escape; to the friends eager to strengthen their bonds via a shared experience of adventure - may find their way behind the wheel of a ZFORCE 950 SPORT-4.

FEATURES

- Liquid-cooled fuel-injected V-Twin engine
- Dual mode EPS & drive mode
- Longer suspension
- Fully-adjustable piggyback shocks
- 5" LCD gauges
- Full LED lights
- Cabin ambient light
- 14-in aluminum Beadlock alloy wheels
- Full-length skid plate standard equipped
- 4500-lbs nylon-cable winch standard equipped
- Rear cargo box cover standard equipped
- Roof standard equipped

ZFORCE 950 SPORT-4

[PREMIUM FEATURES]

First class comfort needs first class componentry, the ZFORCE 950 SPORT-4 is fitted with RIDEVISION LED headlights, dual mode power steering, a large 5 inch display and a 4,500-pound winch.

[ROOM FOR 4]

The chassis has been re-tuned and lengthened to accommodate four passengers in first class style. Carriage-style doors for ease of access in tight spaces and for added protection when out on the trail. The frame is constructed of 20CrMn alloy steel tubing, with a newly developed top beam and side reinforcement structure to increase the body's rigidity and strength. As a result, the vehicle responds predictably, providing a controlled, confident ride.

ZFORCE 950 SPORT-4

[AGILE HANDLING]

Its minimum turning diameter of 12.25 meters (turning radius 6125mm or 20 feet) is one-third that of most passenger cars and more agile than 4x4 pick-up trucks. Because of the rapid steering, the countersteer corrections required in the slick areas were immediate.

[SERIOUS 4X4 ABILITY]

Large 307mm (12 inches) ground clearance and long-travel piggyback air suspension for optimum performance and stability.

The piggyback shock absorbers have dual-stage springs, an updated damping system, lower shock reservoir oil temperature and pressure in the chambers, and improved sealing, which improves the shock absorbers' dependability and performance. Adjust the compression damping on the shocks without using a tool, which has been simplified to seven clicks.

The rear suspension has an adjustable tie-rod for smoother actuation, and the sway bar rigidity has been increased for improved high-speed stability.

[LOADS OF STORAGE]

For those longer journeys the ZFORCE is equipped with a number of weather proof storage options - including two storage compartments located at the front and a large 158l rear cargo tray with locking hard lid.

[MAXIMUM GRIP]

Colour matched beadlock rims with aggressive 27-inch all-terrain tyres not only look smart, offer maximum grip and off-road durability.

Get more out of your ZFORCE with a large range of genuine CFMOTO accessories.

Let the party begin, full integrated stereo and multimedia system to pick your favourite tune next time you're hitting the trails.

- Snorkel kits to capture clean far away from the action down low

- Front and rear heavy-duty bars for added protection when the trail gets rough

- For added rider protection, take your pick with a number of screen options to deflect whatever

Handy enclosed cargo tray with hard lid to keep your gear in check and dry
